“Kuv yog ib tug hauv cov neeg uas xub ntseeg Vajtswv ntawm haivneeg Hmoob nyob rau Nyablaj qaumteb, kuj yog ib tug uas tau tsimtsa tau ntau lub pawg ntseeg nyob rau yav tojsiab sab hnuv tuaj tebchaws Vietnam.

Ua Vajtswv tsaug, uas Vajtswv pub rau kuv muaj feem nyob ntawm no sawv cev ua timkhawv txog peb haivneeg Hmoob Nyablaj ua ntej lawv los ntseeg Vajtswv thiab tomqab uas lawv los ntseeg Vajtswv, saib lawv lubneej hloov licas. Tabsis vim lub sijhawm tsis muaj ntau, kuv yuav hais tsis tas, kuv tsuas hais txog ob peb yam li no xwb;

Haivneeg Hmoob nyob Nyablaj teb yog ib haivneeg uas poob qab tshajplaws, thiab lawv ua lawv lub neej rau pem tej toj roob siab, thiab lawv kuj yog haivneeg uas txomnyem tshaj nyob rau yav tojsiab Nyablaj qaumteb. Nyob hauv kuv lubneej, kuv qhovmuag kiag tau pom ib zaj li no;

“Thaum kuv muaj 17-18 lub xyoo, kuv tau mus koom ib lub nteeg tuag, uas yog kuv Laug tau tas simneej lawm, lub nteeg tuag no tau ua raws raim li 36 nqi kabke kev ploj kev tuag ntawm haivneeg Hmoob, lawv ua raws li kabke tau 7 hnuv thiab 6 hmo, tug tuag ntawd twb peemtsheej ib pawg kua lwj lawm, tomqab ntawd lawv li mam coj tug tuag ntawd mus faus, thaum lawv tabtom mus txog ib tog kev ces tug tuag lub taubhau poob los rau hauv av, cov neeg uas nrog mus ua ke ntawd yuavtsum tau mus nqa tug tuag lub taubhau thiab dhia raws cov uas kwv tug tuag (vim tug tuag twb lwj lawm)”. Zaj lus no qhia haistias, haivneeg Hmoob ua ntej lawv tsis tau muaj Vajtswv ces lawv lubneej poob qis heev, tsis muaj kev vammeej li.

Los txog rau lub 9 hlis, xyoo 1989 ces muaj ib tug kwvtij Hmoob tau tshaj txog Yexus Khetos lub npe. Txij lub 9 hlis mus txog lub 12 hlis xyoo 1989 ces Hmoob tau los ntseeg Yexus, lawv tau tso lubneej qub povtseg, lub neej qub ntawd yog lub neej uas pe pog, pe yawg, pe dab pe mlom, kwvlim 60 % tsis ua lub neej qub lawm. Cov Hmoob ntawd tau nrhiav txhua txoj haukev kom paub Vajtswv.

Txog xyoo 1992 txawm haistias tsis muaj ib tug Xh, tub xa Moo Zoo, ib tug ntseeg Nyablaj twg tuaj saib, los lawv cimciv sawv lawv, lawv mus txhimtsa pawg ntseeg raws li xovtooj cua qhia (Đài nguồn sống). Pawg ntseeg Hmoob muaj tau li nimno los twb yog vim muaj cov tub khiav haujlwm thiab cov thawjcoj pawg ntseeg tau ua haujlwm khwv kawg 10 lub xyoo dhau los, thaum cov Hmoob hnov txog txojkev cawm dim ntawm Tswv Yexus, lawv tau mob siab los ntseeg Vajtswv. Txawm haistias cov kwvtij Hmoob los ntseeg Vajtswv los lawv twb tsis tau txais kev kawm Vajtswv txojlus ntau, tiamsis lawv ntseeg tiag tiag hauv lawv lub siab tuaj, lawv txojkev ntseeg yog txoj uas ruaj thiab tsis hloov li. Vim li ntawd, thaum muaj tej kev tsimtxom tuaj lawv thiaj tsis tso Vajtswv tseg. Peb tau hla dhau ntau txojkev txomnyem thiab nrhiav kev tuaj nrhiav Hauvpaus Koomhaum Nyablaj hauv Ha noi thiab thov lawv pab peb txog kev txhimtsa pawg ntseeg.

Los txog rau puas tom qab no uas yog xyoo 2000 li mam muaj qee tug ntseeg yog cov Nyablaj tuaj ncig peb.

Los txog niaj hnuv nimno muaj kwvlim li 800 lub pawg ntseeg Hmoob, nyob rau 11 lub xeev (Nyablaj qaumteb), txawm haistias yuav raug kev tsimtsom hnyav npaum licas los lawv muab yus tus kheej fij rau Vajtswv, tshaj qhov ntawd yog tseem muaj ntau tus raug tuag rau hauv tsev lojcu, tsis tas li ntawd cov uas tseem muaj sia nyob los lawv tau tas

siab tshawb nrhiav kawm Vajtswv txojlus thiab txhimtsa pawg ntseeg los txog niaj hnuv nimno. Niaj hnuv nimno cov ntseeg Hmoob muaj tshaj qas puas txhiab tus.

Tom qab uas cov Hmoob los ntseeg Vajtswv lawv lubneej tau hloov lawm. Yog koj mus txog cov zog Hmoob uas ntseeg Vajtswv, ces koj yuav pom haistias lawv tsis haus yeeb, haus tshuaj, haus cawv, tej khub niamtxiv tsis sib ntau lawm, cov Hmoob ntseeg Vajtswv lubneej tau hloov tsis zoo li yav tas los lawm.

Thov peb cov Xh, cov ntseeg nrog thov Vajtswv rau peb haivneeg Hmoob thiab, kom peb yuav ua tau lubneej raws li Vajtswv siab nyiam “ua lubneej zoo kom Vajtswv tau ntsejmuag”. A mem!
